Many of us remember the fantastic performances put on by the Central High Symphonic Band during its heyday in the late seventies. One of the shining stars of that band returns to City College on Monday, August 17 to perform with the United States Air Force Heritage of America Band. Senior Airman Julie Diane Hoskot, a City College native, will once again enchant us with her music.

The United States Air Force Heritage of America Band from Langley Air Force Base, Virginia will close City College's summer concert series with a grand musical performance at the Memorial Auditorium at 7:30 PM on Monday, August 17, 1992.

City College welcomes this musical gift to the entire community for the third straight year. The Heritage of America Band, a prestigious musical organization, has performed at state, national, and international events for over forty years and has performed

before many Presidents, European political leaders, and the Queen of England.

Senior Airman Julie Diane Hoskot, a native of Skokie, Illinois, has been a member of the ACC Heritage of America Band since August of 1984. She was awarded a Bachelor's Degree in Saxophone Performance from The University of Illinois in 1991, and completed graduate studies in Saxophone Performance and Pedagogy at Arizona State University in May of 1994. In Fall of 1992, Airman Hoskot was a semi-finalist in the MENC Concerto Competition; in Spring of 1993 she was a finalist in the Kingsville Competition and winner of the 1994 Coleman Chamber Music Competition. She is a former student of Joe Luloff and Joe Wytho. In her off duty time, Airman Hoskot enjoys reading and watching movies.
